

## **Threshold : A Retreat-Based Group for Vocational Discernment**

Threshold is designed for people in the early stages of their working lives who want to explore their vocational direction as a journey of faith. This exploration primarily unfolds over three retreats shared between a small group of participants who benefit from each other's reflections under the leadership of two Life/Work Direction staff who facilitate each gathering. The retreat format combined with individual follow-up sessions give participants a unique opportunity to stand back from daily routines to listen for God's invitations toward meaningful life pursuits.

*The Threshold program is in its 17th year, developed by  
Scott and Louise Walker of Life/Work Direction,  
a ministry dedicated to helping people listen  
for God's vocational leadings.*
