

Join us on June 18th!

Actress, singer, producer, and UNHCR supporter Kat Graham is partnering with RefuSHE to **spread the word** about our virtual event, *Fashion Challenge: Reimagined*, on June 18th! Kat is a strong advocate for human rights and has been a high-profile supporter of the United Nations High Commissioner for Refugees since 2013.

Last year, Kat visited refugee camps in southern Ethiopia and met with Somali refugees. She witnessed firsthand how partners can work together to empower refugee women and girls with the knowledge they need to build brighter futures for themselves, their families, and their community. She was particularly moved by the resilience, spirit, and energy of the women and girls she encountered.

At RefuSHE, we are constantly inspired by this resilience and were honored when Kat chose to lend her support to raise awareness for RefuSHE's work in East Africa.

Today, Kat shares her heart for refugee issues and how you can get involved from your own home on June 18th to make a difference for refugee girls!
